

DINKA

STOOL

The leather twist is the main feature of the Dinka stool. The African inspiration is present in the matte finish of the dark wengè wood, in the polished brass rings reminding the jewels of the African tribes and in the warm colors evoking the dry lands of the savannah.

Structure in matte dark wengè dyed wood with details in polished brass. Seat in braided leather cat. A Cuir col. 1 Cherry.

Other finishings and upholsteries available upon request from Etro Home Interiors collection.
