## CHAIR

In this original chair, Etro Home Interiors soul manifests itself in an erudite, ironic and surprising way, interpreting the brand sophistication and spirit of innovation with a playful and extravagant twist. The classic lines of the piece meet the irony of the colourful tassels while the combination between the strictness of the devoré pattern with the initial letter of the Etro logo and the paisley fabric on the seat creates a playful combination of elements and colours.

Seat fabric cat. A Rakam col. 1 Vicia. Back in fabric cat. A Flag col. 1 Bean. Piping in velvet cat. A Venezia col. 2 Violet. Decorative brass buttons with violet/green tassels. Legs in matte dark wengè dyed wood.

*Other finishings and upholsteries available upon request from Etro Home Interiors collection.*
