

HAMAR

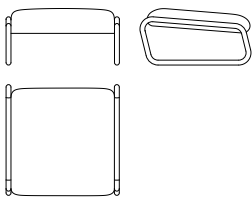

FOOTREST

Perfect complement for the armchair, the footrest of the Hamar line is composed of a matt dark brown dyed wood structure holding the seat with sand outdoor fabric upholstery. Comfortable and versatile, the pouf completes and enriches the furnishing of verandas and winter gardens.

Footrest with structure in solid beech wood, turned and worked with a numeric control system, finished with matt dark wengé dye. Seat in multilayer wood and variable thickness high density expansive polyurethane foam covered with resin coated polyester coupled with hypoallergenic white cotton canvas.

External cover in outdoor fabric cat. A Trika Alfresco col. 1 Sand. Brass tag with certified "100% Made in Italy" serial number attached.

Other finishings and upholsteries available upon request from ETRO Home Interiors collection.
