

MENFI

CHAISE LONGUE

Exotic influences and nature-inspired elements for the new Menfi chaise longue. A captivating piece of furniture that imposes itself as the icon of ETRO Home Interiors' outdoor line. Characterized by legs in turned wood shaped like a bamboo cane, the seat boasts sinuous and inviting lines, lending a dynamic and welcoming look, emphasized by the combination of the fabric in a delicate shade of green and the upholstery with a pattern that recalls the tropical forest.

Chaise longue with structure in solid beech wood, finished with matt dark wengé dye. Feet turned and worked with a numeric control system to achieve the shape of a bamboo cane, and seat with circular section slatted system. Removable mattress with expansive polyurethane foam, entirely covered with resin coated polyester coupled with hypoallergenic white cotton canvas, attached to the structure with velcro straps. Removable external cover in outdoor fabric cat. A Trika Alfresco col. 2 Tea, piping included. Headrest cushion in goose down covered in white 100% cotton featherproof fabric. Removable external cover in outdoor fabric cat. A Selva Alfresco col. 1 Tropical, piping included with counterbalance in polished brass. Brass tag with certified "100% Made in Italy" serial number attached.

Other finishings and upholsteries available upon request from ETRO Home Interiors collection.
