

SAGITTA

SIDE TABLE

Three arrows in polished brass cross the marble top of the Sagitta table creating a support for the lower top. The evident mythological inspiration embodied in the theme of the arrow acquires a new nuance, more precious and audacious, thanks to the presence of the Irish Green marble, a material that exalts the beauty of green, characterized by uneven colouring and graded shades from dark to light.

Structure in polished brass. Tops in marble cat. B Irish Green.

Other finishings available upon request from Etro Home Interiors collection.
