

TIMGAD

SCREEN

From the name that evokes the splendor of an ancient Algerian city, to the fabrics that tell wonderful intertwining of places and stories, the Timgad screen is a piece of furniture full of inspirations. The panels have dark wengé-stained wooden frames, with Vienna straw in shades of gray on the sides, with Leroy gray fabric in the middle. The screen is equipped with a mirror and embellished with polished brass details.

Screen with side panels in Vienna straw from the ETRO Home Interiors collection attached to the solid beech wood structure, turned and worked with a numeric control system, finished with matt dark wengé dye. Closure piping in wicker in same colour as Vienna straw. Central panel in printed fabric cat. B Leroy col. 2 Greige and frame in linen in cat. A Noli col. 3 Greige attached to the structure in solid beechwood, turned and worked with a numeric control system, finished with matt dark wengé dye. Closure piping in linen cat. A Noli col. 3 Greige. Back of central panel customisable with detachable accessory elements, attached to the structure through an interlocking system.

Available accessories include:

Natural bevelled 40 x 40 cm mirror on multilayer wood support finished with matt dark wengé dye. "Monkey" hanger in polished cast brass.

Shelf with solid beechwood structure finished with matt dark wengé dye and tray in polished brass.

Brass tag with certified "100% Made in Italy" serial number attached.

Other finishings and upholsteries available upon request from ETRO Home Interiors collection.
